OVERVIEW

Ninx Technologies, LLC provides management, consulting and technical services to the government and trusted partners. Our core competencies include:

- Systems Engineering & SETA
- Cyber Security/PKI
- Systems Planning & Development
- Project Management
- Acquisition Professionals
- Business Process Reengineering
- Software Test Engineering
- Computer Systems Integration
- Computer Facilities Management
- Management Consulting
- Deployment Facilitation
- Administrative Services

PAST PERFORMANCE

- Systems Engineering and Technical Assistance (SETA), Senior Systems Engineering and Senior Operations Research/Systems Analyst support on an ACAT 1 DOD Cyber Security/PKI Program. Performed Full Lifecycle System Engineering support, interfaced with multiple customers and agencies, and the system's stakeholders.
- Systems Engineering support in the development of new user applications and assisted in identifying and delivering new and upgraded capabilities to an existing system.
- Acquisition Management and Deployment Facilitation support to a DOD Intelligence Agency. Facilitated numerous highly successful Pre-Ship Audits (PSAs) and Pre-Ship Reviews (PSRs) in support of mission deployments.
- Project Management, Management Analyst, Project Engineer, Business Process Analyst and Office Management Specialist (OMS) support to the U.S. State Dept. Provided Business Process Improvement strategies to improve efficiency. Provided Counterintelligence support and established equipment security integrity techniques.
- SETA and Integration and Test (I&T) Coordination for the Technical Analytics and Frameworks Division's Systems Engineering team.
- Software Test Engineering Lead of a DOD agency's Software Distribution Team. Performed Field Test Harness (FTH), Laboratory Acceptance Testing (LAT), and Developmental Testing and Evaluation (DT&E) II testing.
- Systems Engineer/Software Test Engineer support on a Deployment Team. Integrated, installed, configured and deployed Linux and Windows based networking systems.

TAKE ACTION!

Ninx Technologies is an Economically Disadvantaged Woman-Owned Small Business (EDWOSB), a Department of Veterans Affairs certified Service Disabled Veteran Owned Small Business (SDVOSB), and a Maryland Department of Transportation certified Minority Business Enterprise/Disadvantaged Business Enterprise (MBE/DBE) and Small Business Enterprise (SBE).

We stand ready to assist you in providing solutions for your business challenges.
